## COMPLETE LISTING OF CLAIMS:

Please cancel claim 33 without prejudice to its reentry at some later date:

1-30. (Cancelled)

31. (Currently Amended) An article for fabricating large liquid crystal displays comprising a flat cover plate and flat back plate bonded together wherein one of the plates has a smaller surface area than that of the other of the plates; and wherein the flat plates are glass:  
said plates are bonded together by an adhesive located between said plates over the entire area of the smaller area surface; said adhesive being void-free and exhibiting a wave undulating profile at the edges of the smaller surface.

32. (Previously Presented) The article of claim 31 wherein said adhesive is a cured thermosetting adhesive.

33. (Cancelled)

34. (Previously Presented) The article of claim 31 wherein the adhesive had a viscosity of less than 30,000 centipoise and is self leveling in the uncured state.

35. (Previously Presented) The article of claim 31 wherein the adhesive had a viscosity of about 1,000 centipoise in the uncured state.

36. (Previously Presented) The article of claim 34 wherein the adhesive is an acrylic adhesive.

37. (Previously Presented) The article of claim 34 wherein the adhesive is a silicon.

38. (Previously Presented) The article of claim 34 wherein the adhesive is a urethane acrylate.
